

Dear Lake Erie Alumni Chapter,

Thank you for choosing me for the Lake Erie Chapter of the Penn State Alumni Association Trustee Scholarship. This scholarship means a lot to my family and I and will truly make a difference in my college experience.

I am currently a freshmen at Behrend and I am currently a pre nursing major. I intend to major in nursing and earn a certificate in trauma. I have always had nursing in my heart and grew up dreaming of being one. Caring for people and helping people is what makes me happiest and is what I am most passionate about. When I graduate, I would love to get a job at UPMC Magee- Women's Hospital. Although I would love to get experience in the emergency room, I would love to work in labor and delivery.

As of now I am currently not involved in any extracurricular activities. I chose to just focus on my studies and work. I am excited to work towards my dream and would like to thank you again for this opportunity.

Sincerely,

Alexis Kertulis
